The agent’s interface

Episodes end on success, death or the environment’s action limit.

Actions

11 inputs in the Restricted action set

8 directions
Move to a neighbouring square.

3 commands
Pick up · Use a wand · Fire

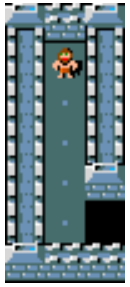

Using a wand

1. Choose “Use a wand”.
2. Select the wand from inventory.
3. Choose a firing direction.

Prompts reuse the same inputs: a direction can aim instead of move.

Observations

Visible objects and remembered terrain; unexplored areas remain hidden.

Pro at the start: a small part of the maze.

Inventory

Items the character is carrying.

Character state

Health, position and game time.

Messages and prompts

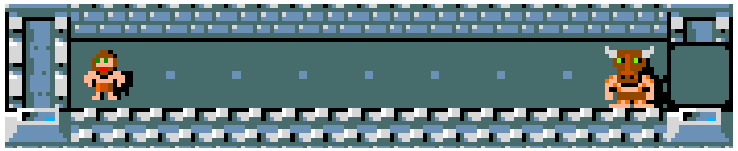

Feedback and requests for the next choice, e.g. “In what direction?”

Default rewards

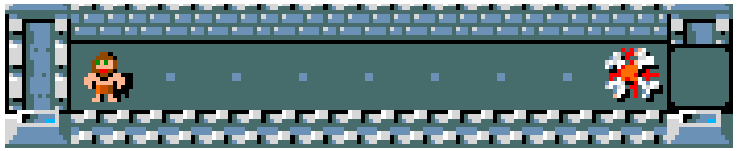

+1	**Success:** minotaur killed on Easy; staircase reached on other levels.
0	**No success,** including death or the action limit.
−0.01	**Extra cost** when game time does not advance, e.g. a menu reply or blocked move.

Easy: a successful wand attack

Before · minotaur alive

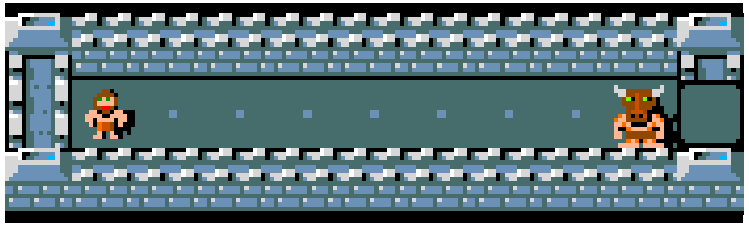

After · minotaur killed · **+1 reward**

Interactive demonstration

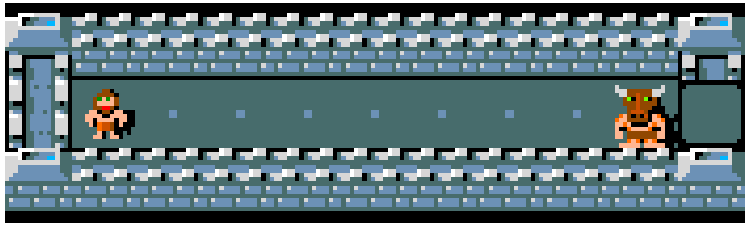

Play all four levels locally in the website, with optional hints.

1. Use wand R

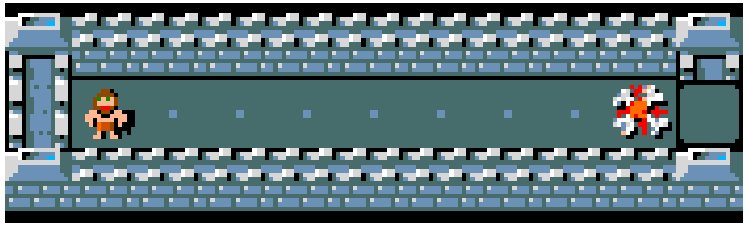

```
What do you want to zap? [f or ?*]
```

2. Select wand F

```
In what direction?
```

3. Aim east D

```
You kill the minotaur! Welcome to
experience level 2.
```
